

# Flight Office

General Aviation Training Facility Management Solutions

## Flight Office - Core System

The FO Core System provides flight training facilities with the tools needed to increase efficiency, manage resources & students, maintain and organize scheduling requirements and track qualifications.

- Bulk and event-change capabilities & notifications.
- Comprehensive Reporting capabilities
- User friendly, Customizable Scheduling Workstations.
- Simultaneous Dispatch Console & Schedule view.
- Easy setup for Instructor, Student & Aircraft Profiles
- PIN authorization & security
- User Definable Qualifications Checks
- Real time booking, dispatching & flight return.
- 24/7 Internet Booking component.

## Invoicing & Accounting Integration

- Generates invoices automatically upon completion of flight event.
- Tracks the status of all customer accounts, alerts to low funds.
- Create adjustable hourly rates for all resources.
- Realtime integration with a variety of third party accounting systems.
- Add or Modify invoices.
- Generates revenue statistics and Inventory Registry.

## Predictive Maintenance/Syllabus Module

- Increased usage of aircraft, unlimited aircraft entry
- Aircraft Status Board, Flight Authorization Board.
- Calculates, Tracks & Predicts when next maintenance is due.
- Alerts dispatch to snags & squawks for each aircraft.
- Provides overview of maintenance status of entire fleet.
- Syllabus 2012 - ASTAR Training System - allows for student feedback & progress report
  - Provides performance records, training standards, real time data entry

## Welcome to the Team

Our team prides itself on our extensive product lines that exceed our customers needs. We have the privilege to include some of the top flight training facilities on our client list from around the globe; Victoria Flying Club, Middle Tennessee State University, Springbank Air Training College and Royal Aero Club of WA, just to name a few. We thank them for their continued support and input allowing us to continue providing innovative & progressive solutions for the general aviation training industry.
